Dear Ms. Belvin:

Enclosed you will find a copy of correspondence that I recently received from a number of constituents in my district.

As you can see, my constituents are concerned with the Commission's proposed rule change in frequency assignments in the 72 to 75 Mhz radio bands. As radio-controlled model airplane enthusiasts, these individuals are worried this proposal could potentially have the unintended consequence of overlapping the frequencies utilized by radio-controlled model airplane enthusiasts.

I respectfully request that you carefully consider my constituents views as you deliberate the final Report and Order, and that their remarks be entered into the formal record on this matter.

Thank you for your assistance in this matter.

Sincerely

VIC FAZIO
Member of Congress
